

Minisymposium on Synthetic Biotechnology 2011/07/04

Agenda

Location

Lecture hall E3.1, ground floor
8010 Graz, Petersgasse 12

Time	Speaker & Presentation
10:15	Grit Straganz, Assistant Professor TU Graz “Lipopeptide Tailoring Enzymes - Nature's Manifold Answer to Tough Synthetic Challenge”
11:00	Birgit Wiltschi, Group Leader Synthetic Biology Albert-Ludwigs Universität Freiburg “Protein Engineering with None-Canonical Aminoacids”
11:45	Amanda Evans, Project Leader University of Cambridge “Synthetic Architectural Design Tools: From the Molecular to the Photonic”
12:30	<i>Lunch break</i> Foyer Petersgasse 12
13:15	Markus Schmidt, Biosafety Manager Biofaction Wien “Synthetic Biology and its societal implications”
14:00	Claudia Ruth, Researcher ACIB GmbH “Perspectives on Synthetic Promoters”
14:45	End
